SYSTEM BUILDER SKU	
PRODUCT	DIAMOND BVUMD3 HD USB Display Adapter Plus 3 High Speed USB 2.0 port hub (DVI and VGA with included DVI to VGA adapter)

PRODUCT DETAILED DESCRIPTION

- Enhance your PC or Mac desktops video display capabilities in minutes without the complicated process of installing an internal graphics card. You can add up to 6 BVUMD3s per system.
- Add 1080p output picture resolution.
- Play videos, DVDs and more on an additional LCD or Big Screen TV
- Supports DVI, HDMI or VGA interfaces providing high quality digital imaging up to 1600 x 1200, 1920 x 1080 (wide) 32 bit True Color resolutions.
- Note: If your big screen TV or wide screen LCD does not support DVI inputs you can use an optional DVI to HDMI cable or adapter (not included)
- Until the release of BVU technology it was virtually impossible to add 3 or more displays to your Notebook, MacBook or Netbook. Now with the BVUMD3 HD Display Adapter Plus you can upgrade or enhance your existing video display capabilities for your Notebook, MacBook or Netbook by connecting to your big screen TV with 1080p output picture resolution.
- A USB graphics solution such as the BVUMD3 HD Display Adapter uses 80% less power than a discrete solution
- Employees using multiple displays more than 50% more productive than those using a single display
- Now, with USB graphics technology, notebooks are just as effective and easy to use with multiple displays as dedicated PCs.

PRODUCT FEATURES

- USB powered no additional power required
- 80% less power than internal discrete graphic card solutions
- Fully integrated into the Windows and Mac OSX display control panel
- Easy Plug and Play installation with Microsoft WHQL signed drivers
- Mirror or extend in any direction
- Supports up to six displays. (each additional display requires one BVUMD3 per display, maximum six devices)
- 1600 x 1200, 1920 x 1080 (wide) 32 bit True Color resolutions and 1080P
- Displaylink Certified
- Compatible with all CRT and Flat Panel monitors
- Standard and wide screen aspect ratios
- High performance (DDR) memory interface
- Includes DVI to HDMI and DVI to VGA dongles
