PRODUCT DETAILED DESCRIPTION
 XtremeTV PVR 600 - Turn your PC into an XtremeTV! Whether you want to watch TV on your LCD, flat-panel or computer monitor or turn your PC into a full-featured Personal Video Recorder, XtremeTV is the all-in-one solution you are looking for! Use the included remote control to watch, pause, rewind, and instantly replay live TV or record upcoming shows with one touch all from the comfort of your sofa. XtremeTV PVR 600 features SnapStream Media's Beyond TV, the best personal video recorder interface in the industry. It also includes SnapStream's Beyond Media for storing, organizing and playing your MP3's, digital photos, and home videos. And XtremeTV PVR 600's on-board hardware encoder ensures you and your family will always experience the most "Xtreme" visual quality and performance available! "Diamond has put together a very nice bundle of hardware and software with their Power Pack to help transform your computer into a Home Theater PC without the need for installing PCI cards. - Everything USB" If you have a PC...the Firefly [remote] is the way to go. It's easy and affordable, and it works as advertised."- PC Magazine XtremeTV includes SnapStream Media's Beyond TV "Subscriber Edition," the most fully-featured, easiest-to-use personal video recorder interface and winner of the PC Magazine Editor's Choice Award. The Difference You Can See! With An On-Board Hardware Encoder! XtremeTV's on-board hardware encoder chip processes digital video signals on-the-fly so your computer's central processor (CPU) remains free to perform other jobs. The result is better visual clarity, no screen freezes, and no delays when you're changing the channel! And with the onboard hardware encoder, you can watch TV in a window while you run other applications on your PC at the same time! Advanced RF Technology: Works through walls and up to 30 feet away Simple and Easy: One click launches your PC entertainment gateway Cutting Edge Design: Fits comfortably in your
