

SKU BVU165LT

SYSTEM BUILDER SKU

PRODUCT DIAMOND BVU165LT USB External Video Display Adapter

PRODUCT DETAILED DESCRIPTION

- Enhance your PC or Mac desktops video display capabilities in minutes without the complicated process of installing an internal graphics card. You can add up to 6 BVUs per system.
- Add 1080p output picture resolution.
- Play videos, DVDs and more on an additional LCD or Big Screen TV
- Supports DVI interfaces providing high quality digital imaging up to 1600 x 1200 and 1920 x 1080 (wide) max resolutions
- Until the release of BVU technology it was virtually impossible to add 3 or more displays to your Notebook, MacBook or Netbook. Now with the BVU165LT HD Display adapter you can upgrade or enhance your existing video display capabilities for your Notebook, MacBook or Netbook by connecting to your big screen TV with 1080p output picture resolution.
- A USB graphics solution such as the BVU165LT HD Display Adapter uses 80% less power than a discrete solution
- Employees using multiple displays more than 50% more productive than those using a single display
- Now, with USB graphics technology, notebooks are just as effective and easy to use with multiple displays as dedicated PCs.

PRODUCT FEATURES

- USB powered no additional power required
- 80% less power than internal discrete graphic card solutions
- Fully integrated into the Windows and MAC OSX display control panel
- Easy Plug and Play installation with Microsoft WHQL signed drivers
- Mirror or extend in any direction
