

VStream™

Wireless HDMI Sender/Receiver
VS100

Enjoy full HD 1080P streaming to your HDTV from a laptop or any other HDMI source - WIRELESSLY!

The **Diamond V-Stream Wireless HDMI Sender/Receiver - VS100** allows HD video transmission up to 150 feet, wirelessly. It supports anti-interference technology by using 5GHz operational frequency and supports point-to-point connection. With IR support, you can remotely control your source from any remote location. The Diamond VS100 is a great solution for conference room meetings, home entertainment, multimedia educational applications and works with any HDMI video source.

Play BIGGER!

Stream in HD 1080P, all your favorite video games from Xbox One® & PS4® consoles, **WIRELESSLY!**

Note:
Transmission distance will vary depending on room environments such as brick or glass which can limit wireless transmission signals.
