

USB-C Universal Triple Display Docking Station with Power Delivery

Introducing the **Diamond Ultra-Dock USB-C Universal Triple Display Docking Station with Power Delivery**. The Diamond Triple Display Docking Station is compatible with both Type-C and Type-A USB Laptops/Desktop PC's. Using one single USB connection from the dock to your PC, you can easily connect your PC to 3 displays, HDMI 4K, HDMI 2K and DVI 2K. Note: The 4K HDMI output only supports PC's using USB Type-C 3.1 with Alt Mode. In addition to triple display support, 2 additional front loading USB Type-C ports, 2 USB 3.0 ports and a 3.5mm headphone/mic jack are provided. On the back panel are 2 more additional USB 3.0 ports, 1 Gigabit Ethernet R-45 port and the 3 video outputs as mentioned above.

For USB Type-C 3.1 and Thunderbolt 3 computers, the **Diamond DS3900PD** provides 65W Power Delivery support so that you can charge your system while connected to the Docking Station.
